Dr. Robinson:

I am writing to inform you of my budget requests for uniforms for the Michael Thom High School Marching Band for the 2007-2008 season. The band has marched without uniforms for 20 years, and I feel that it is time the band had uniforms. Per your request, I have researched the best options for uniforms. Included in my reports you will find my two best suggestions, followed by a third. This third example is an example of a higher-priced option; my intent in including it is to show that I hope to go with one of the lower-priced options. My band consists of 100 wind players and percussionists, with no guard (auxiliary) at this time. Please let me know what you think of my proposal and, as always, I thank you for your support of our program!

Sincerely,

Michael J. Thom
Band Director
